### Continued Costs - For Medical Track Only

NIFLA's Course in Limited Obstetric Ultrasound is the FIRST step of a TWO step process to becoming proficient in sonography. NIFLA's medical experts recommend obtaining 50-75 supervised scans and to have your skills assessment signed off on by an RDMS or qualified physician. We recommend contracting Soundview Imaging to come to your center or participating in one of NIFLA's Ultrasound Practicum.

**Contracting SoundView - \$600 per day + expenses (Air fare, car, hotel, meals). Covers training for 1-3 attendees.**

**NIFLA Ultrasound Practicum - \$1500 registration fee. Covers 1 attendee.**
