forced to have an
abortion!**

You need to know!

**FORCED ABORTION
IS ILLEGAL IN THE
UNITED STATES**

**Voluntary Abortion is
Legal.**

**Involuntary Abortion
is Illegal.**

There are three primary types of forced abortions in America:

1. Parents, guardians, or others forcing a minor to abort.
2. Father of the baby in the womb forcing the mother to abort his child.
3. Victims of human trafficking where the pimp forces the woman to abort.

The Justice Foundation's *Center Against Forced Abortion* has free resources available for you to stop forced abortion:

Dear Client - Letter notifying the woman that no one can legally force you to have an abortion! The decision is yours!

Dear Parent (or others) - Letter notifying parents that they cannot force their minor daughter to abort since involuntary abortion is illegal.

Fax to Abortionist - Fax form to abortionist advising that if the minor/woman appears at the abortion facility, it is against her will and someone is forcing her to have an abortion.

Dear Father of the Child - Letter informing father of the baby, he cannot force the mother of their baby to abort.

Dear Police - Letter to police notifying them they must protect the woman and the baby in her womb or they may be liable for damages.

Dear Counselor - Letter to counselors educating them they must protect the woman and the baby in her womb from forced or coerced abortion or they may be liable for damages.
