**ARE YOU BEING FORCED,
COERCED OR UNDULY
PRESSURED TO HAVE
AN ABORTION?**

WHAT IS FORCED ABORTION?

There are 3 primary types of forced abortions in America:

- Parents, guardians, or others forcing a minor to abort
- Father of the baby forcing the mother to abort their child
- Victims of human trafficking where the pimp forces the woman to abort

Are you or someone you know being forced to have an abortion?

**FORCED ABORTION IS
ILLEGAL
IN THE UNITED STATES**

Voluntary abortion is legal.
Involuntary abortion is illegal.

The Justice Foundation's *Center Against Forced Abortion* has free resources available for you to stop forced abortion:

Dear Client Letter: notifies the woman that no one can legally force her to have an abortion.

Dear Parent Letter: notifying parents that they cannot force their minor daughter to abort since involuntary abortion is illegal.

Fax to Abortionist: A faxed form to the abortionist advising that if the minor/woman appears at the abortion facility it is against her will and someone is forcing her to have an abortion.

Dear Father of the Child Letter: Informs the father of the baby that he cannot force the mother of their baby to abort.

Dear Police Letter: Notifies the police that they must protect the woman and the baby in her womb or they may be liable for damages.

Dear Counselor Letter: Educates crisis/social workers that they must protect the woman and the baby in her womb from forced or coerced abortion or they may be liable for damages.
